

HVAC Field Supervisor Needed (WEST PALM BEACH)

compensation: **to be determined**

employment type: **full-time**

We are a family owned and operated HVAC Company, and currently have an opening for a Field Supervisor. Candidate must live in the Palm Beach County area and have a minimum of 7-8 years experience in HVAC.

Responsibilities to include, but are not limited to:

- *Overseeing multiple projects simultaneously
- *Performing site visits on a regular basis
- *Ensuring that timetables are on schedule and that all safety regulations are being followed
- *Supervising the staff at each construction site, as well as evaluating workmanship and quality
- *Ordering equipment and Materials as needed for each site
- *Review any plan discrepancies in the field,
- *Recruiting, training, managing and terminating staff members as needed
- *Please note these responsibilities change from day to day depending on the progress of the project and unforeseen events.

Requirements are to include, but are not limited to:

- *Have a working knowledge of commercial & residential HVAC systems
- *Minimum of 7-8 years experience in HVAC
- *Must be an excellent communicator
- *Client contact is also an important part of this job. Field supervisor must be comfortable interacting with clients.
- *Providing reports on the progress of the project to your supervisor as well as the client when necessary
- *Valid driver's license with clean record
- *All applicants must have a strong work ethic
- *Fluent in English, Bilingual a plus but not required
- *Must be able to lift 55 lbs plus when required.
- *Self organized and understanding priorities is a must
- *Drug free environment: Drug Test performed prior to hiring and random thereafter.
